

COMPONENTS AND ACCESSORIES

SENSAIRE SA1 -5 to 40°C

Air sensing thermostat

Frost Protection

WEATHER CAP A -5 to 40°C

Capillary sensing thermostat

Frost Protection

Temperature Maintenance

WEATHER CAP B/C (B) 0 - 90°C (C) 20 - 220°C

Capillary sensing thermostat

Temperature Maintenance

WEATHER CAP ECO -5 to 40°C

Electronic thermostat

Frost Protection

Hot Water Maintenance

WEATHER CAP BMS -10 to 60°C

Electronic thermostat with BMS links

Frost Protection

Hot Water Maintenance

Temperature Maintenance

DIGI-CON -40 to 150°C

Digital display thermostat

Frost Protection

Hot Water Maintenance

Temperature Maintenance

TRACE KIT J

Termination kit

Frost Protection

Hot Water Maintenance

Temperature Maintenance

JUNCBOX W4

IP66 junction box

Frost Protection

Hot Water Maintenance

Temperature Maintenance

FT 50/25

Adhesive glass cloth fixing tape - 50m/25m

Frost Protection

Hot Water Maintenance

Temperature Maintenance

AFT 50

Aluminium adhesive fixing tape - 50m

Frost Protection

Hot Water Maintenance

Temperature Maintenance

BRACKET JB

Pipe mounting bracket

Frost Protection

Hot Water Maintenance

Temperature Maintenance

BRACKET STAT

Thermostat pipe mounting bracket

Frost Protection

Hot Water Maintenance

Temperature Maintenance

BANDING 80/150mm

Banding strapping

Frost Protection

Hot Water Maintenance

Temperature Maintenance

WARNLABEL

Caution warning label

Frost Protection

Hot Water Maintenance

Temperature Maintenance
